

About DriveTime

For about six years, DriveTime has been specializing in financing and selling used cars for people with poor credit. We have approximately 90 dealerships in 18 regions across the U.S., including Raleigh. There is a conveniently located Raleigh DriveTime store that has a great selection of used vehicles to choose from and that offers financing for our customers.

At DriveTime, we do 99% of our own financing in-store so that you don't have to deal with a separate bank or lender when you purchase your vehicle. Banks can be embarrassing places to visit when you are struggling with poor financial history, which is exactly why Raleigh DriveTime does all your financing for you. We consider aspects of your financial history that most banks and lenders never even look at and that is why we can almost guarantee that you will be approved.

If the word "approved" makes you sick, then you obviously haven't seen our website at www.DriveTime.com. You can find out whether you are approved within just two minutes without even leaving your home! All you have to do is complete our short online application and wait a couple minutes to find out whether you are ready to visit a nearby Raleigh DriveTime location. Once you arrive at our store, a staff member will discuss your financial situation and help you find a used car that best suits your lifestyle.
